Skill1 = Outdoor Camping. I have been camping since I was little and know a lot about pitching a tent, making a fire, preparing food over a fire, edible plants, how to dispose of things in an environmental way. My experience teaching these skills are from my own experience and teaching these skills at girl scout camp and nature's classroom.

Skill2 = Archery. I enjoy archery and feel it is an empowering and fun activity to do with children. I taught at girl scout camp and feel very comfortable teaching it.

Skill3 = Arts and Crafts. I am a very artistic person by nature. As well as I have worked on arts and crafts projects with kids all through my time at the girl scout camp and nature's classroom.

Experiences = I was a camp unit leader for a girl scout camp for 3 months. As well as a teacher for an environmental company called Nature's Classroom. In addition I have worked with children in a few of my jobs I have had over the years.

Attributes = I have a lot of experience in many different fields that would make me a valued and helpful staff member. In both of my jobs that directly relate to camp experience I planned and implemented programs for children and assisted in the process of running the programs. In addition to these experiences I have had a long range of event planning and office managing positions where I have utilized my computer, writing and communication skills. Because of my experience in many different fields I feel I am able to bring a variety of ideas to the table. I am also enthusiastic and energetic person by nature and have a strong background in communication and program and event planning while working with children.
