Certifications = Lifeguarding, CPR

Skill1 = Cheerleading: I cheered on a competitive squad for three years in high school. Since then, I have coached on several occasions for girls of varying ages.

Skill2 = Aerobics: I have routinely worked out to various aerobics videos for many years. I do not have any training in instructing aerobics, but I enjoy it, so I think I would be able to figure something out.

Skill3 = Softball: In middle school, I played fast pitch softball. After that, I began playing slow pitch softball during high school and college. I am pretty athletic, in general, so I am able to play most sports adequately well. I am not super great at any one sport, but I do know the fundamentals and would be able to give general instruction to young children.

Experiences = I have interacted with children on a regular basis for as long as I can recall. Being the oldest of four children, I have always been the responsible older sibling who cared for the younger siblings as well as family friends. I have worked as a nanny, babysitter, camp counselor, nursery worker, and coach. On various occasions, I have volunteered in after-school facilities for young children. As a career, I am pursuing education, so I am constantly around and interacting with children.

Attributes = I am fun-loving and energetic, and I know how to take the lead and set out clear expectations. In all situations, I seek out ways to help, so I will always be one who gets things done. I am a team player, though, so I am good at working within groups and supporting other staff members. My positive attitude keeps others relaxed and comfortable as well.
