Position = Counselor
Activities = Dance
Activities = Digital Photography
Activities = Arts and Crafts
Activities = Drama
Activities = Soccer
OtherActivity =
Certifications =

Skill1 = I have been playing soccer since I was four years old. It is one of my favorite pass times and is by far my favorite sport. I helped coach an AYSO team one year. I played throughout grade school, middle school, two years of high school, and club soccer.

Skill2 = I have been doing arts and crafts since before I can remember. It is a great way for me to get out my feelings and express myself. I have volunteered to help with kids and do arts and crafts with them. I have taken

art classes throughout grade school, middle school, a year in high school, and college. I plan on art being one of my majors and becoming an art therapist.

Skill3 = I was taught dance for 6 years of my life. I still dance on my own for fun as a way of expressing myself. I hope to join the dance team at my college next year.

Experiences = I have done over 160 hours of volunteer work always working with kids. I have done religious education programs and coaching kids in soccer. I have also babysat kids before for a few years when I was home. I have two younger sisters that I always watch.

Attributes = I attribute passion for what I do. When I want something done, I will do whatever it takes to get it done. I love kids and want to work with them in the future as an art therapist. I attribute the "kid at heart" attitude. I love being carefree with kids and helping share experiences that I had when I went to camp. Lastly, I attribute organization. I love when things go according to plan and everything is the way it is supposed to be.
