The Donut Song

Well I,
Took a little walk and I walked around the block and
I walked right into a donut shop, and I scooped up a
donut right out of the grease and I handed the lady a
five cent piece.

Well she,
Looked at the nickel and she looked at me and she
said "this nickel is no good you see", there's a hole
in the middle and it goes right through, and I said
there's a hole in the donut too.

Thanks for the donut, bye, bye.
