Position = Counselor
Position = Office
Position = Kitchen
Activities = Ceramics
Activities = Digital Photography
Activities = Arts and Crafts
Activities = Swimming
Activities = Video production
OtherActivity =

Certifications =

Skill1 = Digital media production (photo and video): I studied this subject in school and I have produced several of my own pieces which have been shown in the US and abroad.

Skill2 = Arts & Crafts: I am skilled at many types of art. I have been taking art classes all my life and feel comfortable teaching many different skills including drawing, painting, ceramics, and sculpture. I've also made many craft projects over the years and feel comfortable teaching them as well.

Skill3 = Swimming: I've been swimming as long as I can remember. I was on a team for 5 years and at one point I held CPR and Life Guarding certificates.

Experiences = Most of my experience with children comes from babysitting (which I did a lot). I also demonstrated to and helped kids with stone sculpture at a children's art fair held at my highschool.

Attributes = I have a great work ethic, I'm friendly and great with kids. I get along with everybody and I work well in a team, but also individually. I have leadership qualities and though I've never taught children before I feel confident I have the skills to do it.
