Skill1 = As a video producer, I am able to teach Electronic News Gathering/Electronic Field Production techniques, from camera set-up through final editing. I'm a natural teacher and can break down complex subjects into an easily-learned format.

Skill2 = As a lifelong camping enthusiast and former Boy Scout, I can teach the basics of outdoor camping, imparting a lifetime's lore and love and respect of nature.

Skill3 = As a skilled Magician, I can teach basic to intermediate techniques in the Art of Magic, utilizing the standard props of magic, i.e., cards, coins, cups, balls, etc., with the goal of creating a skilled magic routine of twenty minutes.

Experiences = I have a lifetime of interacting with children. As the oldest of four children, one of my responsibilities as a young person was the care and supervision of my younger sisters. Since that time, I have developed a noticeable simpatico with children of all age groups...I "get" kids and they like me. I have become the default "babysitter" at family functions to a virtual army of second cousins, nieces, nephews and assorted step-relatives, as the kids are naturally drawn to me (and have a lot more fun because of it!) Attributes = I am steadfastly professional, conscientious, hard-working and competent. I relate well to children of all age groups, and can invest any activity with a sense of fun. I also relate well to subordinates, peers and superiors, understand the importance of teamwork, and willingly do more than any job requires. I also have a good sense of humor, and believe optimism is the best outlook in any situation.
