Position = Office
Activities = Dance
Activities = Cheerleading

Activities = Pom Pom

Activities = Computers

Activities = Digital Photography

Activities = Arts and Crafts

Activities = Swimming

Activities = Canoeing

Activities = Office

OtherActivity =

Certifications =

Skill1 = Cheerleading-

I cheered from 5th grade through high school. I was on varsity cheer for three years and was captain my senior year. I have taught cheer camps to highschool students the past couple of summers.

Skill2 = Arts and Crafts-

I have always occupied myself with arts and crafts and have incorporated activities, such as painting, into my babysitting experience. My favorite types of crafts are picking a theme and developing unique crafts within it. Examples are capes for superhero theme and paper animal masks for a circus.

Skill3 = Canoe-

In the spring of 2010 I went on a 83 mile canoe trip down the Rio Grande. Although it was my first time canoeing, I came out of the trip knowing a great deal, including strokes and safety.

Experiences = I have worked with children my entire life. Starting in elementary school I volunteered at a summer program for kids with special needs. I have babysat my whole life for multiple families, with kids ranging from the age of 3 months to 14 years old.

Attributes = Optimism is the trait I am most repeatedly commented on. I have a knack for always looking on the bright side of a situation and push others to see the same. Being positive is vital to maintaining spirits of a camp and making the experience more enjoyable for everyone.
